

# WALK MOUNT WARNING FOR CHARLIE

“Let’s help get CHARLIE to **America**”

## Chasing Charlie’s Cure

Superhero Charlie Shirran, a gorgeous 1 year old little boy who was devastatingly diagnosed with stage 4 high risk neuroblastoma in March 2016, at just 9 months old.

The plan is now for Charlie to go over to the States as soon as his standard treatment finishes in Australia, where he will receive a vaccine aimed to prevent relapse of this dreadful disease and hold him in remission. For more details please see:
